

The Shepherd Color Company
We Brighten Lives

SAFETY DATA SHEET

1. Identification

Product identifier	GREEN 260
Other means of identification	
Product Code	GR0260
Synonyms	CI Pigment Green 50 * CI Constitution #77377 * CPMA # 13-31-3
Recommended use	Colorant
Recommended restrictions	None known.
Manufacturer/Importer/Supplier/Distributor information	
Manufacturer/Importer/Supplier/Distributor information	The Shepherd Color Company
Address	4539 Dues Drive Cincinnati, OH 45246 USA
Telephone	+1 513-874-0714
Fax	+1-513-874-0946
E-mail	SDS@shepherdcolor.com
Contact person	Product Safety Department
Emergency telephone	CHEMTREC - Domestic USA: 1-800-424-9300 CHEMTREC - International: +1 703-527-3887

2. Hazard(s) identification

Physical hazards	Not classified.
Health hazards	Not classified.
Environmental hazards	Not classified.
OSHA defined hazards	Not classified.
Label elements	
Hazard symbol	None.
Signal word	None.
Hazard statement	Contains no hazardous ingredients according to GHS
Precautionary statement	
Prevention	Not assigned.
Response	Not assigned.
Storage	Not assigned.
Disposal	Not assigned.
Hazard(s) not otherwise classified (HNOC)	Not assigned.

Supplemental information May cause skin and eye irritation. Inhalation of dusts may cause respiratory irritation. Avoid contact with eyes and prolonged or repeated contact with skin. If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. IF SWALLOWED: Do not induce vomiting. If conscious, drink plenty of water. Never give anything by mouth to an unconscious person. IF IN EYES: Hold eyelids apart and flush eyes with plenty of water for at least 15 minutes. IF ON SKIN: Wash with plenty of soap and water. Call a physician if symptoms develop or persist.

For industrial use only. Additional information is given in the Safety Data Sheet.

Substance(s) formed under the condition of use Not applicable.

3. Composition/information on ingredients

Substances

Chemical name	Common name and synonyms	CAS number	%
COBALT TITANATE GREEN SPINEL	CI Pigment Green 50 CI Constitution #77377 CPMA # 13-31-3	68186-85-6	100

Composition comments This product is the result of high temperature calcination of the component substances. Due to its unique crystalline structure the properties of this finished pigment do not necessarily reflect the properties of the component metals or oxides.

4. First-aid measures

Inhalation	Remove to fresh air. If the affected person is not breathing, apply artificial respiration. If breathing is difficult, give oxygen. Call a physician if symptoms develop or persist.
Skin contact	Wash the skin immediately with soap and water. Get medical attention if irritation develops or persists.
Eye contact	Hold eyelids apart and flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation develops or persists.
Ingestion	Never give anything by mouth to an unconscious person. If swallowed, do NOT induce vomiting. Give several glasses of water to dilute contents of stomach and call a physician.
Most important symptoms/effects, acute and delayed	Contact with eyes may cause irritation. Inhalation of dusts may cause respiratory irritation. Contact with skin may cause irritation.
General information	If you feel unwell, seek medical advice (show the label where possible). Show this safety data sheet to the doctor in attendance. Where there is a potential for eye exposure to this substance, an eye wash fountain should be provided within the immediate work area for emergency use.

5. Fire-fighting measures

Suitable extinguishing media	Use extinguishing agent suitable for type of surrounding fire.
Unsuitable extinguishing media	Not applicable.
Specific hazards arising from the chemical	None known.
Special protective equipment and precautions for firefighters	Use protective equipment appropriate for surrounding materials.
Fire fighting equipment/instructions	Not a fire hazard.
Specific methods	Not established.
General fire hazards	This product is not flammable.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures	Wear appropriate protective equipment and clothing during clean-up. Avoid inhalation of dust from the spilled material. Use a NIOSH/MSHA approved respirator if there is a risk of exposure to dust/fume at levels exceeding the exposure limits.
Methods and materials for containment and cleaning up	Avoid dust formation. Following product recovery, flush area with water. Collect powder using special dust vacuum cleaner with particle filter or carefully sweep into closed container.
Environmental precautions	Do not discharge into drains, water courses or onto the ground.

7. Handling and storage

Precautions for safe handling	Provide appropriate exhaust ventilation at machinery and at places where dust can be generated. Keep formation of airborne dusts to a minimum. When using, do not eat, drink or smoke. Wash hands thoroughly after handling.
Conditions for safe storage, including any incompatibilities	Store in closed original container in a dry place. Room temperature - normal conditions. Use care in handling/storage. Keep in properly labelled containers.

8. Exposure controls/personal protection

Occupational exposure limits

US. OSHA Table Z-1 Permissible Exposure Limits (PEL) for Air Contaminants (29 CFR 1910.1000)

Metals	Type	Value	Percent	Form
COBALT METAL, DUST AND FUMES (N/A)	PEL	0.1 mg/m ³	11 - 20%	(as Co) Dust and fume.
NICKEL, METAL AND INSOLUBLE COMPOUNDS (AS NI)	PEL	1 mg/m ³	22 - 32%	(as Ni)
ZINC COMPOUNDS	NONE		12 - 15%	(as Zn)

US. ACGIH Threshold Limit Values (TLV)

Metals	Type	Value	Percent	Form
COBALT METAL, DUST AND FUMES (N/A)	TWA	0.02 mg/m ³	11 - 20%	(as Co)
NICKEL, METAL AND INSOLUBLE COMPOUNDS (AS NI)	TWA	0.2 mg/m ³	22 - 32%	(as Ni) Inhalable fraction.
ZINC COMPOUNDS	NONE		12 - 15%	(as Zn)

Biological limit values

ACGIH Biological Exposure Indices (BEI)

Metals	Value	Form	Determinant	Specimen	Sampling Time
COBALT METAL, DUST AND FUMES	15 µg/l	(as Co)	Cobalt	Urine	*

* - For sampling details, please see the source document.

Appropriate engineering controls Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits.

Individual protection measures, such as personal protective equipment

Eye/face protection Safety glasses with side-shields.

Skin protection

Hand protection

Rubber or plastic gloves. PVC disposable gloves. Use impervious gloves.

Other

Normal work clothing (long sleeved shirts and long pants) is recommended.

Respiratory protection

If engineering controls do not maintain airborne concentrations below recommended exposure limits (where applicable) or to an acceptable level (in countries where exposure limits have not been established), an approved respirator must be worn. Use a NIOSH/MSHA approved respirator if there is a risk of exposure to dust/fume at levels exceeding the exposure limits. MSHA/NIOSH respirators approved for dusts TC-21C or NIOSH approved cartridges for Non-oil aerosols, N95, N99, N100 (42 CFR 84). A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements must be followed whenever work place conditions warrant a respirator's use.

Thermal hazards

Not applicable.

General hygiene considerations

Use personal protective equipment as required. Handle in accordance with good industrial hygiene and safety practice.

9. Physical and chemical properties

Appearance	Powder.
Physical state	Solid.
Form	Powder.
Color	green
Odor	None.
Odor threshold	Not applicable.
pH	See tech data sheet.
Melting point/freezing point	Not applicable
Initial boiling point and boiling range	Not applicable
Flash point	Not applicable.
Evaporation rate	Not applicable

Flammability (solid, gas)	Not applicable.
Upper/lower flammability or explosive limits	
Explosive limit - lower (%)	Not applicable. Not applicable.
Explosive limit - lower (%) temperature	Not applicable.
Explosive limit - upper (%)	Not applicable. Not applicable.
Explosive limit - upper (%) temperature	Not applicable.
Vapor pressure	Not applicable
Vapor density	Not applicable
Relative density	Not available.
Solubility(ies)	
Solubility (water)	Negligible
Partition coefficient (n-octanol/water)	Not applicable.
Auto-ignition temperature	Not applicable.
Decomposition temperature	Not applicable
Viscosity	Not applicable
Other information	
Density	See tech data sheet.
Explosive limit	Not applicable.
Explosivity	Not applicable.
Specific gravity	See tech data sheet.
Loose Packing Density	See tech data sheet.

10. Stability and reactivity

Reactivity	Not available.
Chemical stability	Stable under normal temperature conditions and recommended use.
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Conditions to avoid	None known.
Incompatible materials	None known.
Hazardous decomposition products	No hazardous decomposition products are known.

11. Toxicological information

Information on likely routes of exposure

Inhalation	May cause irritation to the respiratory system.
Skin contact	Contact with skin may cause irritation.
Eye contact	May irritate eyes.
Ingestion	No adverse effects due to ingestion are expected.

Symptoms related to the physical, chemical and toxicological characteristics Product dust may be irritating to eyes, skin and respiratory system.

Information on toxicological effects

Acute toxicity May cause respiratory irritation. May be slightly irritating to skin and eyes.

Components	Species	Test Results
COBALT TITANATE GREEN SPINEL (CAS 68186-85-6)		
Acute		
Inhalation		
LD50	Rat	Not Tested

Components	Species	Test Results
Oral LD50	Rat	>= 10000 mg/kg Shepherd Color Company Data
Skin corrosion/irritation	Contact with skin may cause irritation.	
Serious eye damage/eye irritation	May irritate eyes.	
Respiratory or skin sensitization		
ACGIH sensitization		
Cobalt and inorganic compounds, inhalable fraction, as Co (CAS N/A)	Dermal sensitization	Respiratory sensitization
Respiratory sensitization	No data available.	
Skin sensitization	No data available.	
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.	
Carcinogenicity	IARC has classified insoluble cobalt (II) compounds as not classifiable as to carcinogenicity to humans (Group 3, Monograph 131).	
IARC Monographs. Overall Evaluation of Carcinogenicity		
NICKEL COMPOUNDS (CAS N/A)	1 Carcinogenic to humans.	
OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053)		
Not listed.		
US. National Toxicology Program (NTP) Report on Carcinogens		
NICKEL COMPOUNDS (CAS N/A)	Known To Be Human Carcinogen.	
Reproductive toxicity	No data available.	
Specific target organ toxicity - single exposure	No data available.	
Specific target organ toxicity - repeated exposure	No data available.	
Aspiration hazard	Not applicable.	
Chronic effects	No data available.	
Further information	Repeated overexposure to this compound may cause eye, skin and respiratory tract irritation. Some compounds of the metals used in the manufacturing of this material have demonstrated various toxic properties. However, there is no evidence that this material has these toxic characteristics. This product is the result of high temperature calcination of the component substances. Due to its unique crystalline structure the properties of this finished material do not necessarily reflect the properties of the component metals or oxides.	

12. Ecological information

Ecotoxicity	Not expected to be harmful to aquatic organisms.
Persistence and degradability	The product is not expected to be biodegradable.
Bioaccumulative potential	The product does not contain any substances expected to be bioaccumulating.
Mobility in soil	No data available.
Mobility in general	No data available.
Other adverse effects	None known.

13. Disposal considerations

Disposal instructions	All wastes must be handled in accordance with local, state and federal regulations.
Waste from residues / unused products	Dispose of in accordance with local regulations.
Contaminated packaging	Since emptied containers retain product residue, follow label warnings even after container is emptied.

14. Transport information

DOT	Not regulated as dangerous goods.
------------	-----------------------------------

DOT BULK

Not regulated as dangerous goods.

IATA

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code Not available.**15. Regulatory information****US federal regulations** This material is not hazardous under the criteria of the Federal OSHA Hazard Communication Standard 29CFR 1910.1200.**Toxic Substances Control Act (TSCA)****TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)**

Not regulated.
